Summary

Aspiring Machine Learning Engineer | Passionate About AI & Data Science

I am an undergraduate student at RUET, Bangladesh, deeply passionate about Machine Learning, Artificial Intelligence, and Data Science. I love exploring how AI can solve real-world problems and am constantly learning new technologies to enhance my skills.

I have a strong foundation in Python, Deep Learning, and Data Analytics, and I enjoy working on projects that involve predictive modeling and intelligent systems. Currently, I am expanding my expertise in Neural Networks, Computer Vision, and Natural Language Processing.

I am actively seeking opportunities to connect with like-minded professionals, collaborate on exciting projects, and contribute to the AI community. Let's connect and shape the future of technology together! #
